Dear Helen,

Here are the Family Group Sheets that I promised you. Sorry it took so long to get them to you.

I went ahead and entered the info you sent me, but there is still a question in my mind about Nellie's parents. You know that my original records had her parents as John and Nancy (Johnson) McKeever and John's parents as John and Clarisse (nee unknown) McKeever. (I think I got this from a census record.) Refresh my memory, did you already have the info that Nellie G. McKeever married Andrew Meadows? Or did you get that from me? If you already had it, then I guess I should stop questioning it, because that would be a rare coincidence to be the same names and be wrong. I guess it's just that I was at a dead-end for sooooo long that I'm paranoid about getting so much info. Forgive my questioning. Any thoughts you might have to clarify this and put my mind at ease would be appreciated. As if you haven't helped me enough already! :o)

If I should run onto any obits or pictures or anything else, I will forward them on to you.

Thanks again for all your help. Just email me or call me if you have any questions about the stuff I'm sending.

Sincerely,

Beccy

Notes
SAMANTHA WAS STILLBORN. I was three weeks overdue. The cause of death was listed as "post mature placenta". They said we were within one hour of getting to her in time. Neither Mike nor I saw her or held her. That remains to be one of the biggest mistakes of our lives to this day. The grandmothers held her and Grandpa Drumm got a picture of her at the funeral home. As of this writing, 7-14-97, we have not seen the picture. Grandpa claims that he isn't sure if he still has it. Well, we will see her one day:-)!

Description

Names index to population schedules listing inhabitants of the United States in 1880. This was the twelfth census conducted since 1790.

How to use 1880 United States Census

The U.S. federal census is the best source to quickly identify a family group and residence. The census identifies other persons in the household and how they are related. Use the place of residence, and the birth state or country for each person along with his or her age to search for other record types. The census may identify persons for whom other records do not exist.

How to use Ohio Deaths 1908-1953

Death certificates are the best source of death information. The certificates contain clues for further research: the birth date and birthplace of the individual; the name of the spouse; the names of parents; the place of residence; the name of the informant who may be a child of the deceased.

Notes

Wallace Richard Hawks

Person Notes: Ruthellen's children, Robert, Kimberly and Carolyn were the biological children of Robert M. Faber.
Shortly after Ruthellen and Wallace (Wally) married, at dinner one evening, the kids asked what "dopted" meant. We explained the best we could and they all excitedly asked if we could do that.
Wally thought that was a great idea and said, in fact, he had been thinking about just that. So, as they say, the rest is history. On 25 June 1976, the judge ordered that Robert, Kim and Carolyn would have the last name of Hawks. From the beginning we would have 32 wonderful years with Wally as a loving and caring father and husband.

Dear Mr. Sharlow:

Enclosed are my initial findings on your ancestral lines. I regret they are so minimal. As the enclosed report indicates, the record situation in that part of Germany is not good to say the least.

The enclosed statement shows where we stand financially. Prospects for future research are discussed in the context of the report.

Research Report – Sharlow

Schwachenwalde problem:

First of all, Schwachenwalde does not lie in what was the former DDR. Until 1945, it was located in Kreis (county) Arnswalde in the Neumark region of Brandenburg, Prussia. The term Neumark refers to that part of Brandenburg lying east of the Oder River, which is now part of Poland. Enclosed is a copy of the pertinent quadrangle of an atlas of the German Empire published in 1892 (Doc.1). I have highlighted Schwachenwalde, Arnswalde and Stettin in order to give you some idea of just where it is.

Very unfortunately, the LDS (Mormon) Family History Library has no films of the Schwachenwalde parish registers. That part of Germany suffered a great deal of record loss when the Red Army overran the area in the winter of 1945. I checked the book listing the holdings of the Polish Archives. Regrettably, they have nothing from Schwachenwalde.

Scharlow line: given the record situation in regard to Schwachenwalde, I tried other approaches, e.g. the extraordinary set of books called the Deutsches Geschlechterbuch (German Lineage Book) and Deutsches Familienarchiv (German Family Archive). Regrettably neither of these contained any histories of the Scharlow family.

Trying another approach, I checked the standard source for German surnames, i.e. Dictionary of German Names by Hans Bahlow. Said dictionary does not have an entry for the Scharlow name as such. The closest entry I could find was Scharlau, which is described as an East German place name (Doc.2).

This left the International Genealogical Index (IGI) the official name of the so-called Mormon Computer Index. There were various Scharlow entries from various places in northeastern Germany, from Berlin to Posen which is now in Poland. I found nothing concerning Ludwig Scharlow, but I did find an entry of interest, i.e. that concerning one Johannah Scharlow, born Aug 1843 in Schwachenwald, Brandenburg, Prussia (Doc.3). It is interesting that her father's name is listed as Schalow. It is quite possible that this Johannah is related in some way to Ludwig Scharlow. Very unfortunately the film which contains the original form is missing from the pertinent drawer. No one seems to know where it is. Hopefully, it will turn up soon as it would state who submitted the information.

The next search involved the Germans to America index. This is a series of volumes covering the years 1850-1893. It lists every German whose name appears on the passenger arrival lists of the various USA ports, e.g. New York City, Baltimore etc. I found no entry for a Ludwig Scharlow for the years 1865-1880.

Since he was reputed to have left from Hamburg, I checked the every name card index to the Hamburg departure lists which covers the years 1850-1871. These lists are vastly more useful than most American arrival lists since they list the last place of

residence of the emigrant. Regrettably, the index contained nothing regarding Ludwig Scharlow.

US naturalization papers sometimes list the date and port of arrival for the immigrant in question. I checked the naturalization records for Ottawa and Lucas counties without result. Perhaps he never did become naturalized.

Since German-American churches often listed the names of the parents and the birthplaces of the bride and groom, I checked the civil marriage records of Ottawa county without result.

Those of Lucas county proved productive in that I found an entry for Augusta Witt and Louis Schalow (sic) dated 18 Nov 1880 (Doc.4). It proved impossible to make a good copy. However I could make out the name of the officiating pastor on the microfilm screen, i.e. Charles Fetzger. Unfortunately, I have not been able to determine which church he served in 1880.

But the fact that Ludwig/Louis was using the Schalow surname in 1880 was something of an eye-opener. I rechecked the GTA index and found entries for Ludwig Schalow, age 25 and Ferdinand Schalow, age 23 who arrived in New York City from Bremen on the ship Neckar on 3 July 1875. Ludwig's age is stated to be 25, Ferdinand's 23. (Doc.5).

Very unfortunately, the Bremen departure lists were destroyed in World War II, so I cannot check them for a last place of residence.

However, another source of interest exists, i.e. the Brandenburg emigration index. I checked this and found several Schalow entries, all of whom were from Kreis Arnswalde, including one family from Schwachenwalde who emigrated in 1882. While I did not find an entry for Ludwig, all of this supports the family story that he came from Schwachenwalde.

Of course the passenger arrival list does not support the family story. Be that as it may, I strongly suspect it concerns your ancestor.

Deferring any discussion of prospects for future research on the Scharlow/Schalow line per se, I propose to discuss my findings on the Witt line.

Witt line: I realize that you did not specifically request any work on this line. But in my efforts to pin down Ludwig Scharlow/Schalow, I made some findings on the Witt line, copies of which are enclosed.

The first of these was a computer printout of the 1880 US Census Return for the family. As you can see, it lists them as residing in Clay township, not Benton township, Ottawa county (Doc.6).

Given the birth dates of the children, it seemed that the family emigrated between 1870 and 1873. A check of the GTA index bore this out. The August Witt family arrived

in Baltimore (not NYC) 21 May 1872 on the ship Gauss from Bremen. (Doc.7) While the names do not quite match, i.e.Louise, age 8 months is probably identical to the Elizabeth age 10 who appears in the 1880 census return, there can be little doubt that this entry concerns your ancestral family. Of interest is the 52 year old Gottlieb Witt accompanying the family. Possibly August's father? The index states their place of origin as PM, i.e. Pomerania, and place of destination as OH, i.e. Ohio. Almost everyone on the manifest is supposedly from Pomerania. I take it as a bit of corner cutting by the clerk who recorded the data.

Fortunately, the Brandenburg emigration index provided better data. Here we find an entry for August Witt, age 39, Eigentümer (property owner) from Schwachenwalde/Arnswalde his wife Wilhelmine nee Bötzer, age 39, and their four children. They obtained a consent to emigrate on 20 Feb 1872 (Doc.8).

Prognosis: it would be possible to obtain a copy of August Witt's emigration papers from the Brandenburg State Archive in Potsdam for DM 40, roughly $ 20. Whether it would be worthwhile or not is hard to say. I have a cousin whose family emigrated from Schlagenthin, Kreis Arnswalde in 1857. Indeed his great grandfather's first wife came from Schwachenwalde parish.

He asked me to obtain a copy of the emigration papers which I did. Unfortunately they contained very little new genealogical data. Most of the document consisted of bureaucratic entries regarding date of application, date of consent etc.

Overall prognosis: it is remotely possible that the Schwachenwalde parish registers have survived and are rotting away in the back room of what is now a Catholic church. I had a client whose ancestral parish I had determined through the Hamburg passenger lists. He was affluent enough to visit the place and found the old registers in the unheated room in the now Catholic church. Unfortunately neither he nor the Polish priest could read the old German script.

However he wanted to pursue the problem so I referred him to a Polish born colleague of mine, who is fluent in German. For a fee of $ 500, he visited the parish but found very little new data. In all honesty, I thought it was a fiasco.

I have alerted the staff of the Family History Library about these parishes in Pomerania and Brandenburg which still hold old German registers. If anyone in the world has the motivation and the financial resources to film those records it would be them. So perhaps the best approach is to wait until that potential project takes place.

Familyresearch – Family Schalow (Scharlow) from Schwachenwalde
Your writing from the 1-25-2003

Dear Mister Scharlow,

In the case of the investigation in the existence of the government of Frankfurt a. d. Oder, emigration documents of Friedrich Wilhelm Schalow (born 10-3-1845) from Schwachenwalde (Weakforest) and his family could be traced (see copies).
In this connection it could possibly be the brother of your ancestor. Furthermore the document also contains indication of August Witt (born 6-16-1833) from Schachenwalde, his wife Wilhelmine Boetzer (born 8-25-1939) and their four children (see copies).
Louis (Ludwig) Schalow (Scharlow) however could not be traced in the documents found by us.
Church books or church duplicates of Schwachenwalde are unfortunately not available to us. How far these are existing today and where they are kept, is beyond our knowledge.

With best regards
in order

Sharlow family search

Dear Mr Sharlow

The Prussian State archives are accredited to deliver certificates on behalf of the Prussian authority and for some counties. Regarding details about people, they are only competent for the district. Details of people from Schwachewalde, District of Answalde cannot be obtained here. Georges Grünenberg's publication, parish books, duplicate of parish books and civil registries from the old district of Brandebourg, Lenzen 1998, S.216 can be borrowed, the marriage registries from 1882 to 1932 for Schwachewalde is now kept at the Registry Office of Soldin. You can contact them at the following address :
Ursad Stanu Cywilnego
ul. 1 Maja 19
PL- 74-300 Myślibórz
Poland.
Family searching before 1874 cannot be done in Registry Offices as they have only been set up at that time. For years before, details can be found in Registries kept by Church authorities. This is the reason why I suggest that you refer to the evangelical parish books from Schwachewalde for the period before 1874 by :
Evangelishe Zentral Archiv, SENT PREVIOUS REQUEST TO HERE WITH NEGATIVE REPLY
Kirchliches Archivzentrum Berlin, RECORDS UNAVAILABLE APPARENTLY 22 JULY 2002
Bethaniendamm 29,
10997 Berlin
Germany
Regarding the place where catholic certificates are delivered, I suggest :
BZAR (Bischöfliche Zentralarchiv Regensburg) sent letter + chart 22 Nov. 02, received reply in German 27 Nov. 02
St Petersweg 11-13
93047 REGENSBURG
The documents you sent with your enquiry are being sent back to you.
Best regards

Verena Kohnke

Jerusalem Township, located in Northwest **Ohio**, is bounded on the north by Lake Erie and Maumee Bay. It is part of the Black Swamp and in early times the land was covered with valuable timber-(oak, walnut, hickory, ash, elm). The soil was fertile but swampy. Earliest known inhabitants were members of the Erie Indian tribe, who were annihilated by the Iroquois around 1654. In the seventeenth century there was much fur trading with the Indians, first by the French and later the English.

From 1837 to 1893 (56 years), **Jerusalem Township** was part of Oregon **Township**. Dense forests and swamps covered the land with little development until 1860. Evidence of Ottawa Indian burial grounds has been found in the area. During the late 1800's, a number of families moved into what came to be known as **Jerusalem Township**. They engaged mainly in fishing, hunting, and trapping. Because the narrow roads were nearly impassable due to the mud, these people often traveled by boat to Toledo with their furs.

The first settlement of any size was begun when E.B. Ward, a Detroit businessman purchased about 9,000 acres near the mouth of Crane Creek. Part of the area became a shipyard and sawmill. A large canal was built to connect these areas to Lake Erie. A blacksmith shop appeared as well as a stave mill. These industries attracted men and families. The village of Shepherdsville was established, but when a request for a post office was made, the villagers were told there was another Shepherdsville in **Ohio**. Consequently, they decided to name the village Bunno after a resident who was a member of the Ottawa Indian Tribe. Somehow, the spelling was changed and Bono, **Ohio** came into being.

On March 10, 1893, a request was granted to divide the Oregon **Township**. The eastern part became **Jerusalem Township**. Three **township** trustees were elected. At that time there were two small villages located in the **township**: Shepherdsville, later renamed Bono, and Yondota, located several miles to the west of Bono. Bono is still present today, but Yondota no longer exists. The town of Curtice, located on South Curtice near Brown Road, resides partly in **Jerusalem Township** and partly in adjoining Ottawa County.

Jerusalem Township is 34 square miles in size. Because of the swampy nature of the land, drainage has always been a problem. There are drainage ditches located beside many of the roads in the area. These were dug both to drain the farmland and also to build up the roadbeds. Two creeks, Cedar and Crane, flow through the **township** in a northeast direction into Lake Erie.

In response to voter's demands, the first town hall was constructed and put into use in April 1902. It was located on **Jerusalem** Road (Route 2). The original building was used until 1947 when a new fire house was completed on the same site,and the **township** hall was then located in that building.

At the present time the new fire hall fronts on Route 2 and the **township** hall is located directly behind it.

Jerusalem Township is predominantly an agricultural area. However, in recent years, quite a number of private homes have been built in the **township**. Ohio's newest and largest state park, Maumee Bay State Park, is shared jointly between **Jerusalem Township** and the City of Oregon. It is considered to be the most beautiful of the **Ohio** State Parks. **Jerusalem Township** today remains a quiet pastoral **township** with the added attraction of its location on the shore of Maumee Bay and Lake Erie, enhancing the fishing and boating businesses.

(HISTORY OF OREGON AND **JERUSALEM**, by Josephine Fassett, was used extensively for information.)

A Look Back In History

The following was written by a former Bono resident, Clarence Scharlow and was submitted to the **Township** by his son, Kenneth Sharlow. Kenneth tells us that his father was the manager of Howard Farms prior to the Great Depression and continued to farm his own small acreage in the middle of the farm for most of his life. The Journal welcomes any excerpts, photos or articles pertaining to the history of our **Township** and surrounding areas.

Sketch of Early Bono History

Following the end of the Civil War, the Ward Family came into this neighborhood and surveyed the timber and contour of the land. Jerome Navarre, who then was 17 years old, helped clear the land where the canal was to be dredged. Bono had a few natives still living here after the Indian tribe had been moved to Wapole Island. The Bunno family and two French Canadian families lived near the Metzger Marsh on the Old Deer Trail about 1¼ mile east of Bono. A number of families, including the Tank, Sharp, Sheppard, Scharlow, McKellip, Murphy, Perry and Scheneck families, moved here when Mr. Kreger moved the Tank Sawmill from Blackberry around 1886.

After the timber was cut the Dreier, Shinevar, Walter, Perry and Veler families started to farm near the village. Around 1901, Ed Stoddard came to Bono to farm onions. Mr. Stoddard had been an onion farmer on the Sciato Marsh. When his first crop was successful, a group of his old friends came to Bono. These families included the Kester, Gilmore, Schilling, Morrison, Amsler, Dennis, Cousino, Aubry, Cutcher, LaCourse, Chio, Rumery, Jeremy, Bodi, LaDuke, Cluckey, Soncrant, Ryor, Thayer, McCabe and Drewyor families. In fact, the Kesters were very instrumental in building the Bono Baptist Church. It was about this time that the Howard Farms vastly increased its onion acreage. A few years later, Henry Reno purchased a tract of ground north of Howard Farms. Mr. Reno became very successful and later branched out into Michigan.

Bono was a thriving village with a number of trades and occupations. It even had a baseball team and a half-mile racetrack where there was plenty of excitement each Sunday. Soon after the growing of onions began, a Catholic Church was built. Fishing was a thriving industry at the mouth of Ward's Canal, Crane Creek and Cooley Canal. Each spring there was a large group of seine fisherman. Hunting and trapping was a paying occupation each winter, especially for the Navarre and Cutcher families. In the early days, most of the staves and timber were shipped out by boat by way of the canal. Captain Grant and Mr. Fioro operated sailboats for some time.

Fred Horner operated a blacksmith shop for many years. There were also two saloons in operation along with a few trade stores owned by the Aubrys, Ed Young, L. Cousino and Joe Swope. Henry

Murphy became the first postmaster and the Post Office continued to operate for about 70 years. The Constable for a number of years was Frank Gifford. The first school was started shortly after the mill moved to Bono. Some of the early teachers were C. Soncrant, Carrie Roberts, Hugh Pelton, Bert Echer, and Blanch Alden. When the school became part of the centralized school district, the bus had to take the children quite some distance to attend school.

The Fraternal Order of Maccabees had a lodge at Bono and great number of men became a member. They carried insurance and their meeting place was above the Hamilton Saloon, which was called the Maccabees Building and has long since been torn down.

Now the Old Mill is gone. The onion growers are gone. All the Old Timers are gone. Even the Post Office is gone. Only the changed appearance, which shows a great amount of hard work, is the only mark left by a good, hard-working people.

The following genealogy applies to the descendants of August Witt and Willemena Buetzin and their daughter Augusta Witt and her marriage to Ludwig (Louis) Scharlow.

Ludwig Scharlow was employed by a count in Schwachenwalde, Prussia. The count was interested in land and opportunities in America and he sent Ludwig to America to investigate and make a report. This was about the year 1868. Ludwig returned to Prussia and found that the count had just died. As Ludwig was impressed with America, he signed on as a cabin boy on the same ship that had returned him to Prussia and returned to America.

He was listed in the Benton township census of 1880 as a farmer, born in Schwachenwalde, Prussia in 1854. Later he Americanized his name to Louis, and then he used that name.

In 1881 he married Augusta Witt, the daughter of August and Willamena Witt.

In 873 August Witt and his family sailed from Hamburg, Germany on Der Grossa Ship and about 10 days later arrived in New York City, at the foot of Manhatten, Battery Park. (Ellis Island was not open to immigration till 1892) From there they came by train to Trowbridge, Ohio and settled on a farm at the present Nissen Road. Their log cabin was built on the west side of the road, approximately 5 miles south of the present Route 579. A modern brick ranch home is now built on the exact location of their original home.

The first arrivals from Prussia spelled their name Scharlow. Some of the first descendants dropped the "C" and spell their name Sharlow.

In Schwachenwalde, they still celebrate one day a year as a liberation from the French Catholic who called them Huguenots and persecuted them to the point of death and loss of all rights and property. In the 16th century the king of Prussia offered these people several thousand acres of land for settlement. Approximately 500 left France and settled in Prussia.

Schwachenwalde is located 80 miles northeast of Berlin along the Polish border. This is now East Germany and a satellite of Russia.

The following genealogy applies only to the descendants of August Witt and Willamena Buetzin and their daughter Augusta Witt and her marriage to Ludwig (Louis) Scharlow.

In 1873 August Witt and his family sailed from Hamburg, Germany on Der Grossa Ship and about 30 days later arrived in New York City, at the foot of Manhattan, Battery Park. (Ellis Island was not open to immigration until 1892). From there they came by train to Trowbridge, Ohio and settled on a farm in the present Nisson Road. Their log cabin was built on the west side of the road, approximately 5 miles south of present highway route 579. A modern brick ranch home is now built on the exact location of their orginal home.

Micro film roll 1056 of Benton Township, 1880 census lists the following:

Ludwig Scharlow was employed by a Count in Schwachenwalde, Prussia. The Count was interested in land and opportunities in America and he sent Ludwig to America to investigate and make a report. This was about the year 1868. Ludwig returned to Prussia and found that the Count had just died. As Ludwig was impressed with America, he signed on as cabin boy on the same ship that had returned him to Prussia and returned to America.

He was listed in the Benton Township Census of 1880 as a farmer, born in Schwachenwalde, Prussia, in 1854. Later he americanized his name and used the name of Louis.

In 1881 he married Augusta Witt, the daughter of August and Willamena Witt:

COMMENTS

After Louis Scharlow died in 1899 his widow Augusta married Fred Horner who was the local blacksmith in Bono. He was born in Dembrock, Germany 1848, died 1930. Buried at Elliston, Ohio. They had a daughter Frieda who married a George Cook. They had no children. Frieda was born in 1903, died in 1954 and is buried in the cemetery at Elliston, Ohio.

The first arrivals from Prussia spelled their name as SCHARLOW. Some of the descendants dropped the "c" and spell their name SHARLOW. One of the clan that came from Germany in 1929 and lives in Waukesha, Wisconsin spells his name SCHALOW.

The average German is blue eyed and fair of skin and light colored hair. The immigrants from Schwachenwalde, Scharlows, Tanks, Klingbiels, Behms, Lempkes, etc., were dark complexioned, brown eyed. In Schwachenwalde, they still celebrate one day a year as a liberation from the French Catholics who called them Huguenots and persecuted them to the point of death and loss of all rights and property. In the 16th century the King of Prussia offered these people several thousand acres of land for settlement. Approximately 500,000 left France and settled in Prussia. Very possibly our ancestors were in this group and the name then could have been CHARLEAU or something similar.

No attempt has been made to bring the genealogy up to the present generation. The above information should enable the present generation to easily bring their family tree up to the present.

To those of you receiving a copy of this, I would appreciate your advising me of any errors or discrepancy you may find.

I identify with the Scharlows in that Ann Scharlow was my mother.

Schwachenwalde is located 80 miles northeast of Berlin along the Polish border. This is now East Germany and a satellite of Russia.

I can't remember the first name of the person in the picture. I'll ask Wilbur if he remembers. His wife's name was Frances. They are both deceased. However, their son, Werner Schalow still lives at the homestead: 810 Summit St., Waukesha, WI 53188 (262-547-4289). Werner had a brother who was a bigwig in the military. Don't remember his name either. Note that they spelled their name SCHALOW. No "r".

Do you have any info on the Scharlow's that visited back in the 50's from Wisconsin. It was while I was away in the CG. Attached is pic from the occasion. Ruthellen Sharlow Hawks is coming to Tecumseh next week from CA looking for Scharlow info. She plans to visit the Port Clinton court house. She is daughter of Norman Scharlow. Do you have anything to suggest. Thank goodness I copied some of the family photos some years ago.

RE: Genealogy; Schalows etc.

I am writing in regards to genealogy on the Scharlows, Sharlows, Schalows that I have been doing since I retired. In talking to Kenneth Sharlow Sr. he has advised me that his father Clarence Scharlow and my grandfather Otto Sharlow attended a Schalow wedding in Wisconsin many years ago and gave me copys of photos of that. He also said a Werner Schalow attended his sister's wedding (Jean Witt) here in Ohio. We were hoping you or a family member could offer some additional information on family links. We have also been trying to determine the parents names of Ludwig (Louis) Schalow. According to the boat passenger list he spelled his name Schalow then and over here as well in 1875 on his Declaration of Intention and on his marraige license of 1880.For some unknown reason he spelled it Scharlow some time after that. I also have been unable to find any death notice of either Ludwig or his wife Augusta Witt so far. The Germans to America passenger lists also showed a Ferdinand Schalow, age 23 on the same list as Ludwig Schalow, age 25 arriving in the U.S. from Bremen Germany in 1875. If anyone could offer any insight to the people mentioned or any other family connection it would be greatly appreciated. I have enclosed some copys of the information we have and should you be interested, have other documentationed copys available.

with best regards

The copy you have of the above families can have the following deletions made to complete the record:

A page for it was left that two other children were born but not listed as names and dates were not available.

Elaine located the information which is:

Amiel Scharlow B — Sept 4, 1881
D — Sept 8, 1881

Augusta Minnie B — Feb 23, 1894
D — Jan 8 1899

Both are buried at Elleston.

I also mentioned our ancestors may have originated in France then to Prussia. The spelling may have been Charleau
Have no other possibility of spelling.

Because I have so many questions I didn't make a family group sheet. Here's where I get real nervous because I am so unsure of myself. Sometimes I can put it together and it makes sense, mostly not.

Just keep asking and I will do my best to help.

Love you!

Or - write out the lineage with dates and places. Such as:

Nellie Hines born 1883 m. 1901 - Alva Dilley - Toledo
Mary Hines b. - m. William Henry Hines

Having some dates will help a lot in finding the people.

Helen,
Just since talking with you I got back on line and saw that under "collaborate" on 26 July my Mom's death record was saved to Ruth Dilley by "kevsophia".
Checking further, saw the name Conway. Because I just happened to have my grandmother's file out, ran across an obit I copied from the Blade for Hazel Conway, Albert Dilleys daughter. In it shows Kevin(Sophia) as surviving grandchildren. What are the odds.

On my grandmother Nellie: In the 1900 census she is listed as Ella Hines, stepgranddaughter to Joseph Chubb.
Her Mother was Mary (Brown) Hines. Mary had a twin sister named Sarah who married a Wright.
I also found a Catharine Chubb (Stephens/Stevens maiden) She was daughter to Charlotte Stephens.
My question is could Catharine be my grandmothers grandmother?
Nellie Hines--Mary Hines ---Catherine Stevens----Charlotte (____) Stephens.

Was the same Catherine married to Abednego Stevens, ? 1850 census. (Then divorced or death,) and then married Joseph Chubb.

I believe Mary Hines then married a Henry White (no further information) or (NFI).
My mother signed Mary White's death certificate, dying 17 Feb 1946. Record: Family Search.

I have even less on my grandmothers (Nellie) father. The only thing close is the marriage license /certificate. It says Joseph Hines. My guess is he died early. Just a guess.

I have probably made you unhappy that you even know me after all this. But would love if you could help me with the above. I will pay you for all your help.
Will buy you and your hubby dinner when I come in July :)
Talk to you soon.

THE EASY PILL

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. Bleckner & Bleckner.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. Acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

The Sandusky Business College

If an increased enrollment is indicative of merit, then the Sandusky Business College stands at the head of the list, as the enrollment for the fall term shows an increase of nearly one hundred per cent, over that of last year. This means much more when you consider that this school employs no solicitors and that this large increase is due to the conclusions based upon the better and more sober judgement of young people desirious of entering a good school, demonstrated as such by the records of its past work.

The next date upon which new students will enter, will be Monday, Oct. 5th. The first Monday of each month throughout the year is arranged for entering upon the work.

CONSUMPTIVES MAY LIVE

Disease Not Contagious—Duty of Patients to Prevent Spreading of Disease, Laid Down in Ohio Society's Third Bulletin

Many of the domestic animals suffer from tuberculosis. So do the wild animals, but only when kept in captivity.

Bovine tuberculosis is the most important to man. The percentage of milch cows effected in Ohio is unknown. It has been estimated that fully 5 per cent have tuberculosis. A much higher per cent has been found in many of the herds examined.

GERM FOUND IN MILK

When a cow has tuberculosis the germ that causes the disease may appear in the milk. It will almost certainly do so if the udder is affected, as it frequently is. The germ is also found in many other organs, and in the flesh used for food.

Until recently it was scarcely questioned by anyone that tuberculosis of animals and tuberculosis of man is not one and the same disease, and that it might be communicated from animal to man, and man to animal.

Many laws have been passed, and have been and are still being enforced in line with this idea. About a year ago Koch, who discovered the germ that causes tuberculosis, announced that the disease is not the same in man and animals; that the germ that causes tuberculosis in man can not be made to produce tuberculosis in animals.

He expressed the belief that tuberculosis of animals could not be communicated to man; at least, that this is so rarely the case that we can afford to ignore this cause of the disease.

KOCH'S VIEWS OPPOSED

Koch found practically no one of experience to support this view. On the contrary the foremost men of the world who have studied this subject are opposed to it.

The question is being reinvestigated, and we should certainly be very unwise, at least for the present, to omit any precaution to prevent contracting tuberculosis from animals.

We may easily protect ourselves against the germs of tuberculosis found in meat and milk. This germ is quickly destroyed when heated to a temperature of 180 degrees. It has been shown that this temperature is not reached in a large roast—8 to 10 pounds—cooked rare. Meat, however, is much less apt to be infected than milk, and ordinarily cooking will destroy any germs found there.

Tuberculous disease of the bowels is not an uncommon disease among young children. How much of it is due to milk from tuberculous cows is unknown. It is certain that young animals fed on milk from a tuberculous mother very frequently contract the disease. It is extremely probable such milk may cause tuberculosis in infants.

HEAT THE MILK

The milk may be rendered safe by boiling, or, what is better, pasteurizing, which is heating the milk to a temperature of 165-170 degrees.

But no one would knowingly drink, or drink, milk the disease thing else.

EMERGENCY MEDICINES

It is a great convenience to have at hand reliable remedies for use in case of accident and for slight injuries and ailments. A good liniment and one that is fast becoming a favorite if not a household necessity is Chamberlains Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When Pain Balm is kept a hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by the Red Cross Drug Store.

BRIGHT JAPANESE GIRL.

Miltsen Okada, Now Studying at Wellesley, Will Teach English in Her Own Land.

Wellesley girls are in a fair way to be outstripped in English by a bright little Japanese girl who entered there in September.

Already Miltsen Okada, says the Boston Post, has received honorable mention from the English teachers there. Miss Okada has been sent here by the head of the department of education in Tokio, Japan, to specialize English and literature at Wellesley. She is to stay three years, and when she has completed her course to go back and teach English in the high normal school of Tokio.

Miltsen Okada was born in Tokio and was graduated from a mission school there. Then she was graduated from the high normal school, and has taught school four years in Japan. She is but 21 years old now. She came here in August and attended lectures in Boston a few weeks before entering Wellesley. Miss Okada before coming here could read English, but did not speak it at all. Now she speaks it remarkably well. Each week she hands in an essay or theme to her English teacher, and her first was her impressions of American girls. It was well written and merited the honorable mention it received.

In appearance Miss Okada is modest and pretty, having a well rounded form, bright black eyes, soft black hair, a clear olive complexion, and

MISS MITSEN OKADA.

sparkling teeth. Like all Japanese girls, she is a merry little body, and takes a cheerful view of everything. She has a delightful little habit of laughing childishly between her sentences. She is versatile, and her face changes expression rapidly; sorrow, mirthfulness and seriousness are all expressed in a twinkling.

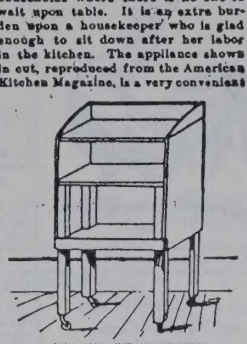
The demand for teachers of English in Japan is yearly increasing. There are three Japanese girls in Boston preparing themselves to teach in Japan. Miss Tami Imai, who is in Tufts college, has been sent by the government; Miss Shibata is at the New England Conservatory of Music; Miss Kiyo Makino, who specializes biology and zoology, is at the Massachusetts Institute of Technology; Miss Makino works half of her time and studies the other half. Her work is decorating book covers and translating in the Museum of Fine Arts, and she is taking the scientific course at the Institute of Technology.

Each of these Japanese girls is well pleased with America and American customs.

SAVES MUCH LABOR.

Homemade Waitress Believed the Housekeeper of Many Burdens and Useless Steps.

The removal of plates and dishes already used, and the labor of replacing them with another course, means an awkward break in the meal in households where there is no one to wait upon table. It is an extra burden upon a housekeeper who is glad enough to sit down after her labor in the kitchen. The appliance shown in cut, reproduced from the American Kitchen Magazine, is a very convenient



A HOMEMADE WAITRESS.

labor saver, combining the convenience of the serving table with the utility of the dinner wagon (a small folding table on casters used largely in restaurants as a temporary receptacle for supplies).

The "waitress" in question is made from a firm box 20 inches long, 17 inches wide and 12 inches deep. Four pieces of smooth two by two lumber, each 14 inches long, are required to form the legs. The top of the box, supported by slats, forms one shelf. The board that is to be the base of the serving table must then be taken off and the four corners sawed out to admit the legs. After the holes are sawed out, the board must be replaced, the legs set up in the box two or three inches, or high enough to allow the shelf to rest upon them, and the whole fastened together firmly. It is a good plan to nail a board about two inches wide across the front to hold in the numerous dishes which will be placed there later. A railing or boarding is put on three sides of the top, and four casters complete the structure. The original designer dyed her "waitress" with green cotton dye, and then rubbed it with floor wax to prevent spotting, but enamel paint would be convenient to apply, and excellent in appearance. At meal times the "waitress" stands by the hostess, with desserts or any other additional dish on its shelves; plates and dishes removed during the meal are placed in it, and the extra course put on the table. After the meal all the dishes are placed on the serving table, which is then rolled into the kitchen, saving many unnecessary steps.

Scrubbing a Mackintosh.

The dirty mackintosh can be quickly cleaned by spreading it on a table and then scrubbing it with yellow soap and soft water. The brush used should be a nail brush. When the dirty spots are all removed rinse the mackintosh in cold water till quite free of soap, and then hang out in the shade to dry. Do not wring it or place it near a fire, but content yourself with giving it a shake and then allowing the air to complete the drying process.

QUARTERLY INSTITUTE

Of The Ottawa County Teachers at Genoa—An Enthusiastic Meeting—Large Attendance From Salem

On Saturday, November 1st, at Genoa, Ohio, was held the most enthusiastic quarterly meeting that many Ottawa County teachers have ever attended. The president, J. E. Ockerman, of Lakeside, called the association to order, in the Opera House, at two o'clock.

After singing "America," the teachers were greeted by the president, and delighted by a well-rendered vocal solo by Miss Helen Heath. Carl Hansen then gave a very fine paper on "School Discipline," the prolonged and animated discussion of which was followed by adjournment. Some of the ever hospitable Genoa ladies served, in the room below, a most excellent dinner to which all did ample justice.

The afternoon session was opened by a vocal solo by Mrs. E. F. Gregg which was well received. "Standard Time" was the subject handled most ably by H. A. Jones, one of the Lucas county Examiners. Miss Helma Hanson delighted her audience with a piano solo. Prof. Zeller, the genial and successful superintendent of the Findlay schools, then delivered a masterly address on "Faithful Daily Preparation the Secret of Success." A piano duet by the Misses Hope and Bessie Gregg was a fine treat. The remarks of Geo. A. Strong, of Elmore, in the discussion of Prof. Zeller's talk were greatly enjoyed. The report of Mr. Sleppey, County Secretary of Reading Circle, evidenced Salem township's stride in the right direction.

A vote of thanks was extended Professors Zeller and Jones, and those Genoa people to whose efforts so much of the success of the meeting was due.

The lively discussions which characterized the session will no doubt prove very beneficial to all those fortunate enough to have attended.

Those present from Salem township were, Mrs. Gill, Misses Munger, May Brady, Anna Segard, Odessa Jordan, May and Arvilla Allen, Elsie Meyer, Ora Buck, Emma Hansen Laura Sealing, Rosa Miller; Messrs. Wm. Graves, C. H. Hanson and H. H. Huffman.

ABOUT THE GRAYTOWN FIRE

Part of Household Goods Were Saved —Wedding that Surprised the Friends of Both Sides

Graytown, Nov. 6.—The marriage of Mrs. Mary M. Hahn, and Mr. Walter Caird, of Oak Harbor, was a complete surprise to their many friends. The ceremony took place at the residence of the bride, Monday evening Nov. 3rd. at 8 o'clock, and was witnessed by a few intimate friends, after which an elegant wedding supper was served. The couple left the following day for a short visit among relatives at Toledo and Perrysburg. The best wishes of the community are extended to the happy couple.

On last Thursday evening our community was somewhat startled at the cry of fire. It was discovered that the beautiful country home of Mrs. J. L. Harmom was in flames. Citizens quickly responded to the call and did all in their power to save the household goods, as it was readily seen, nothing could save the house. Most of the goods was gotten out with the exception of things in the celler, which could not safely be reached.

The line of Cloaks we are selling makes us more friends every day—they are right.

STEPPED AGAINST A HOT STOVE

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severly. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts bruises and sprains. For sale by Bleckner & Bleckner.

A WOMAN'S WORDS OF PRAISE.

Neosho Falls, Kans., Nov. 13, 1900. Pepsin Syrup Co., Monticello Ill.

Dear Sirs For almost fifteen years I suffered from indigestion, and last winter I thought I would die, when my doctor, Dr. A. J. Lierence of this place, advised me to try Dr. Caldwell's Syrup Pepsin, which I did, and two bottles cured me, but it cured me so that so that I have not been troubled since. If any one should offer me $500 for the good Syrup Pepsin has done me I would not think of taking it. No one can take your medicine without being convinced of its more than wonderful cures. I seccomend it to all my friends as a laxative and stomache remedy.

Yours with gratitude.

Dear Ms. Read:

Upon receipt of your letter of January 20, 1985. I checked with our county clerk to see if there was a ministers registration filed in his office. We do not have minister registrations in this office.

Then county clerk said that they did not have ministers registration either. I contacted the Counsel of Ministry in our state capitol and they said that ministers are not required to register in the counties. If you had the denomination you could contact the counsel and they could possible give you a copy of the orination papers. You could also contact the local churchs.

Sorry that I couldn't be of more help.
